A TIME OF CHALLENGE, A TIME OF HOPE - WHERE WE GO FROM HERE

The recent passage into law of the abortion bill is a genuine tragedy for our country. For the first time in our history, it is now legal to deliberately target the life of an innocent human being.

The Government may well think that the pro-life movement is now disillusioned and will fade away. But as the recent pro-life vigils and rallies showed, that's simply not going to happen.

As the Government turns its attention to other business, we're just getting started!

With renewed commitment and hope, together, we must devote our energies to the repeal of this unjust law, which is life ending not life saving.

The Pro Life Campaign's National Conference is an ideal opportunity for each of us to renew our commitment to this noble cause.

The excellent line up of speakers will include: Steven Ertelt, Hilary Ní Lorcáin, Caroline Simons, and Adele Best of Women Hurt. Members of the Oireachtas who voted against the abortion legislation will also be in attendance.

STEVEN ERTELT

As the founder and Editor of LifeNews.com, Steven Ertelt has provided the pro-life community with news via the Internet since 1993. He is President of Colorado Citizens for Life and a member of the board of directors of the National Right to Life Committee. Mr. Ertelt is also a former president of Students for Life of America and holds a degree in Politics. He speaks on a wide range of pro-life issues and is particularly interested in social media as a means of communicating the pro-life message.

HILARY NÍ LORCÁIN

Hilary Ní Lorcáin gave birth to baby Margaret in a peri-natal hospice in December last year. Baby Margaret was diagnosed with a terminal illness in the womb and lived for just two days after birth. Hilary will speak about her experience of the life and death of her daughter. The Irish Independent recently published an incredibly moving interview with Hilary on baby Margaret's short but beautiful life.
